

Language Arts

In reading we are working on identifying characters and settings in workshop. Kids are doing so great with partner sharing and individual quiet reading for up to 15 min. We have been looking at fiction and non-fiction as well as finding a problem in the story and coming up with solutions. Our model stories have been *Three Billy Goats Gruff*, *Goldilocks* and the *Three Bears*.

Math

In math the Kindergarteners will work on 100 activities. The 100th day of school is coming soon. Please have your child bring a 100 snack (such as cherios, goldfish, etc.) to share. More information to come home soon. We are also continuing to work on teen numbers and addition/subtraction.

February Newsletter

Thank you for sending your child to school with winter gear. We go out everyday!

No School Feb 17th Presidents Day

Notes and Reminders:

Our Valentine's Day party will be coming up soon on Friday, February 14, from 1:15-2:00. Families are welcome to attend. **I have put in the take home folder a list of all students names in our class for your child to start making valentines. I just ask that we make valentines for all students or no students just to make it fair and to have no tears.**

February is I Love to Read month in our school. Please look for a calendar in folders for fun activities to do with reading all month!

We are gearing up to learn about Presidents this month with making an art project with both Abraham Lincoln and George Washington together. Come see them on our bulletin board in the hall, they are pretty cute! In Social Studies we are also talking about leaders, how they make rules and laws, and what would you do if you were President?
